THANK YOU!

We would like to extend to you a warm welcome to Almaden Pediatrics. We are very excited that you have chosen us, and we are confident that you will be very pleased with the service and care we provide to your family. Please take a moment to read this short letter in order to get to know us a little better.

OUR PEDIATRICIANS

We have two highly qualified and well-respected pediatricians on staff to care for your children—Dr. Michelle Record Contini and Dr. Peter Contini.

MAKING APPOINTMENTS

We are in the office Monday-Friday between 8:00am and 5:00pm, and see patients beginning at 9:00am. The office staff breaks for lunch between 12:00pm and 1:30pm.

Appointments are available for same day sick visits. Call early as these do fill up quickly.

APPOINTMENT DETAILS

Well Care Appointments

Please schedule check-ups 2 to 4 weeks in advance. For children over the age of 12 we recommend that you schedule well care appointments for boys with Dr. Pete and girls with Dr. Michelle. However, please feel free to schedule your appointment with whomever you feel most comfortable.

Other Appointments

Less urgent issues such as acne, warts or more chronic conditions (long standing abdominal pain or headaches, constipation, behavioral problems, eczema, etc.), should be scheduled in advance.

We will make every effort to have your child's care provided by his/her pediatrician. If your doctor is not available, we will set up an appointment with our available doctor.

Cancellations

Your appointment time has been reserved exclusively for you. Therefore, we require 24 hour notice for cancellations. A fee may be charged for late cancellations.

TIMING IS EVERYTHING!

Please Arrive On-Time

We understand that your time is valuable. We make every effort to see all of our patients on time. In order to provide you with prompt service, we need you to arrive 5-10 minutes prior to your scheduled appointment *for every appointment*. If you are more than 10 minutes late, you may be asked to wait or to reschedule your appointment.

HEALTH FORMS

We are happy to complete forms for school, camp, etc. The charge is \$10 for most forms. If your child has not had a physical within the last year, please schedule a 10 minute appointment so that we can complete the form with current information.

MEDICAL ADVICE

During business hours, we are happy to answer general questions over the phone. For more complex questions, please make an appointment so that we may evaluate your child and provide you with the most accurate information and the best care. Urgent matters will be addressed before the day is over. For less urgent matters we will return your call within 24-48 hours.

NIGHTTIME & WEEKEND COVERAGE

For after hours advice, we offer our patient's a nurse line that can answer most of your questions. In the event a doctor is needed, there is always a doctor on-call and available to consult with the nurse. The number to the advice line is 1-800-472-2472.

If your child needs to be seen at night, we will refer you to a local urgent care or the emergency department at Good Samaritan Hospital.

On most weekends we may see patients on an as needed basis. When we are not available, you will be directed to an urgent care center.

URGENT CARE

Almaden Family Physicians provides urgent care to both SCCIPA and PPO patients (408-997-9155). They are located in our same complex.

For our patients with PPO insurance, we also recommend South Bay Children's Urgent Care (408-370-0110).

For a list of other urgent cares for SCCIPA patients go to www.sccipa.com.

HOSPITAL CARE

Almaden Pediatrics is associated with Good Samaritan Hospital. If your child needs to be admitted to the hospital, in most instances we will manage the admission and hospital stay. However, under certain circumstances we will have the Pediatric Hospitalist (a doctor who specializes in caring for hospitalized patients) care for your child while he/she is hospitalized. In those instances we will remain in close contact with you and the Pediatric Hospitalist during the stay, and will see you in the office after discharge.

INSURANCE—THE DETAILS

Please bring your insurance card to every visit so that we may verify your coverage. If we do not have the proper insurance information at the time of the visit you may be charged for the visit.

IT'S THE LAW

The law requires that all patients be accompanied by parent or legal guardian to every appointment. We can accept a written note with your signature allowing a friend or family member to authorize care for your child. Patients between the ages of 16-18 years may be seen unaccompanied by an adult with the parents written permission (which must be received before the appointment).

What You Can Expect at an Appointment

We want you and your child to be as comfortable as possible at each visit. One way we can do this is by minimizing surprises. Here is a brief description of a typical appointment so you can prepare yourself and your child for the visit.

We require that all of our patients be accompanied by parent or legal guardian to every appointment. In the event a parent or legal guardian is not able to accompany the child we will accept a written note with your signature allowing a friend or family member to authorize care for your child. Patients between the ages of 16-18 yrs may be seen unaccompanied by an adult with the parent's written permission. We must receive written permission prior to seeing the child. **All patients under the age of 16 years must be accompanied by an adult in order to be seen.**

Arrival. Upon your arrival we will ask for your insurance card to verify your coverage (for returning patients we will offer you an opportunity to update your contact information).

Getting Started. After you and your child are called back to one of our exam rooms by one of our assistants, your child will be weighed and temperature taken.

Physicals. Depending on the age of your child, in addition to height and weight, we will evaluate hearing and vision and take a blood pressure reading. During the appointment your child will need to remove clothing down to underwear so that we may perform a thorough exam.

If your child is particularly self-conscious we are happy to provide a gown. For older children and teenagers, a gown will be provided. For patients 14 years and older, your physician will be alone with your child in order to give them an opportunity to discuss any issues in confidence.

Shots. The most common question we get is whether there will be any shots at a particular check up. Due to the extensive and complicated vaccine schedule these days, our reception staff may not be able to provide you with accurate information. Therefore, we suggest that you prepare your child for the possibility of shots for every check-up.

Urgent and follow-up visits. Depending on the problem, your child may be asked to put on a gown. We understand that putting on a gown can be stressful for many kids but sometimes it is required. This can often be avoided by dressing your child in only one layer of loose fitting clothing such as shorts or sweats.

Questions. You will be given sufficient time to ask any questions you may have. Take a few moments before the appointment to gather your thoughts and develop your questions for the doctor. We suggest you write down your questions so you don't forget them.

Credit and Financial Policy

In compliance with the Federal Consumer Protection Act, Almaden Pediatrics wishes to notify you of its policies regarding the financial responsibilities associated with services rendered to you or a member of your household/family.

Insurance

Co-payments are due and payable at the time of visit. As a courtesy to you, we will bill your insurance company provided we have the correct billing information at the time of service. If a claim is denied because you have not provided correct information, the charges will transfer to your responsibility. You are financially responsible for charges deemed by the insurance company to be billable to the patient. You must be familiar with your particular coverage and any requirements for pre-authorization, deductibles, and limitations on well child visits, lab services, immunizations, and other procedures.

Cash Account

If proof of insurance is not provided, your account will be considered a cash account and payment in full of all charges will be required at the time of service. If you subsequently provide verifiable insurance information, and the time frame for billing the insurance has not expired (generally 45 days), we will bill the charges to your insurance company for you. If we then receive insurance payment we will promptly issue a refund to you of any credit on your account.

Billing

The billing statement you receive will show patient balances due, in addition to insurance company payments and pending amounts. Patient balances are due from you upon receipt of the statement. A \$25.00 per month late charge is assessed on all delinquent patient balances.

Appointments

Please remember that your appointment time is reserved just for you. Our schedules are full each day and we must leave enough room in our schedule to bring in sick children on the same day. If your appointment is missed or cancelled with less than 24 hour notice, consider that another child could have been seen at that time. We reserve the right to charge a \$40 cancellation or 'no show' fee. In order to see each patient on time, your appointment may need to be rescheduled if you arrive 10 minutes or more late.

Urgent Care Appointments

There is an extra fee charged for urgent care appointments outside of our regular Monday – Friday business hours. This includes urgent care Saturday morning appointments.

Returned Checks

There is a \$25 returned check fee in the event a patient's personal check is returned to us for any reason.

Immunization Policy

Childhood immunization was one of the greatest advances in public health in the 20th century. It has saved millions of children and adults throughout the world from developing meningitis, encephalitis, brain damage, severe respiratory problems, poliomyelitis, paralysis, and other severe illnesses, which can require hospitalization or cause death. And to this day, childhood immunization remains a cornerstone of pediatric care and public health.

Immunizations are most effective when an entire community participates. In recent years, localized outbreaks of mumps, measles, whooping cough and polio have occurred in the United States in communities with low vaccination rates. When you immunize your child, you are not only protecting your child from serious disease but you are also helping to protect your entire family, your friends and your neighbors.

At Almaden Pediatrics, Inc, we strongly believe in the importance of immunizations and fully support the childhood immunization schedule established by the American Academy of Pediatrics. Therefore, **our policy requires that every patient within our group receive the vaccinations listed below:**

By 18 months of age, your child will receive the following:

Type of Immunization

Hepatitis B:	3 doses
Diphtheria, Tetanus and Pertussis (DTaP):	4 doses
Inactivated Polio Vaccine (IPV):	3 doses
Haemophilus influenza (HIB):	4 doses
Pneumococcal conjugate vaccine (Prevnar):	4 doses
Varicella vaccine (Chicken Pox):	1 dose
Measles, Mumps and Rubella(MMR):	1 dose

By the age of 5 years your child will receive these additional vaccines:

- A fifth dose of **DTaP**
- A fourth dose of **IPV**
- A second dose of **MMR**
- A second dose of **Varicella (Chicken Pox)**

In addition, we highly recommend (but do not require) the following vaccinations:

- Hepatitis A:** 2 doses, beginning at 12 months of age
- Influenza vaccine:** 2 doses first year received and 1 dose annually
- For Preteen/Teens:** 1 dose of **Meningococcal Vaccine**, 3 doses of **HPV vaccine (Gardasil)**, and 1 dose of **Tetanus, Diphtheria, Pertussis (Tdap)**.

We are aware of the concerns about vaccine safety that has been voiced by a **very small** yet vocal minority. These claims have no scientific or statistical basis. To date, there have been over 30 scientific studies, which have proven, conclusively, that vaccines are safe.

By signing, I agree to follow Almaden Pediatrics Inc. s' policy to fully immunize my child(ren) by 18 months:
